

- THE MTF LEGACY COUNCIL -

The Montana Trout Foundation was founded in 1978 by noted wild trout advocates Bud Lilly (current president of MTF) and Dick McGuire. The Foundation has received over \$287,000 in donations, and our Grant Program has funded more than \$293,000 in projects throughout Montana. MTF is governed by a volunteer board of directors, and each of us is dedicated to maintaining and enhancing Montana's wild trout fishing. We believe the best way to accomplish this goal is through funding fisheries research, education, and habitat enhancement. At the same time, the Foundation's success is only as effective as the financial support we receive from anglers like yourself—our future is your future. Montana's popularity is growing, and the threats to Montana's trout fishing are growing even faster.

To combat these threats, MTF's board of directors has launched a new fund-raising campaign called the ***MTF Legacy Council***. We are seeking anglers and corporations who find personal and business-related value in Montana's wild trout fisheries, and asking them to step up and help us increase the MTF trust account to \$750,000. We're looking for 500 people and/or businesses to pledge \$500 per year for just 2 years—which will enable MTF to emerge as a significantly powerful ally of wild trout in Montana. As a member of the *Legacy Council*, you will be acknowledged in MTF publications (and on the website), get access to special offers and opportunities, and receive a MTF decal that you can display on your vehicle, boat, or place of business.

Any pledge will help—and \$500 per year for two years is certainly not a cap. All of us have enjoyed a lifetime of wonderful streamside memories, and now it's time to ensure that future generations can do the same. Please join us in supporting Montana's trout fishing by making a contribution to the future.

Yes I would like to be added to be added to the private MTF mailing list, and/or make a pledge to the MTF Legacy Council:

Name _____

Address _____

Phone/Email _____

Amount Pledged (200 __) _____ (200 __) _____
